INLAND POSTAGE AND GENERAL REGULATIONS.

All Letters and Newspapers are invariably forwarded by the earliest Mail after being posted.

The consequence of Letters and Newspapers mis-sent (a circumstance every care will not entirely prevent, from the rapidity with which the duty has to be performed), being a delay in their delivery; too much care cannot be taken to obtain a *full and legible address*, which will facilitate the correct despatch of the letters to their destination, and ensure their speedy delivery.

All Inland Letters and Packets, including those from the Channel Islands and the Isle of Man, if *pre-paid*, are subject to the following rates of postage :—

Not exceeding half an ounce in weight,	1d.
„ one ounce „	2d.
„ two ounces „	4d.

and so on, two rates being added for every ounce.

Addresses to Her Majesty pass free, and Petitions to Parliament, if under thirty-two ounces, and in covers open at the ends.

Inland Letters and Packets, under four ounces in weight, may be sent *unpaid*, but are charged double the amount of postage to which they would have been liable had they been *pre-paid*; and no Letter or Packet, exceeding that weight, can be forwarded by post without pre-payment.

Adhesive Stamps should be placed on the front of the letter, and upon the right hand corner of the upper side, and care should be taken that they firmly adhere to the letter. The proper method is to wet the letter, not the stamp.

Every Postmaster, Sub-Postmaster, and Letter-Receiver, without exception, will sell the Postage Label Stamps, and Stamped Envelopes to the public, at the following prices :—

The Penny Label Stamps, at 1d. each.	
The Twopenny do. do.,	2d. „
The Tenpenny do. do.,	10d. „
The Shilling do. do.,	1s. „

The Penny Envelopes, 24 for 2s. 3d., or 2 for 2½d.

* * * The 10d. and 1s. Labels can only be procured at the chief offices.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers, or their Supplements, by Post; but those that are intended to be so transmitted, must be sent in covers open at the sides, and no words of communication may be printed or written on such papers (except under the conditions hereafter explained) after the same shall have been published, when they are entitled to pass free.

Newspapers pass free by the Local Posts, except in those cases where they shall be posted and delivered within the limits, for the time being, of the Post Delivery, when the Postage is one penny on each Newspaper.

All Newspapers going abroad must be sent in covers, open at the ends, and put into any *Post-Office* within seven days after the day of publication.

Any writing or marks will be allowed on a *Newspaper* passing by post, in the United Kingdom, provided that a Postage of one penny be prepaid, by means of a stamp, conspicuously affixed outside the cover or folded Newspaper; it being understood that, in those cases where the Newspaper may be liable to Postage, irrespective of such writing or marks (as when it is both posted and delivered in the same town), the Penny Stamp shall cover both the writing and the Postage. But this privilege is to be confined to writing and marks on the Newspaper itself, and not to extend to the cover, which must contain nothing but the address.

Any writing or marks, other than the address on the cover, or on the Newspaper itself (if not prepaid as above), will subject it to the same rate of Postage as that to which an Unpaid Letter of the same weight is liable.

Newspapers published in the Channel Islands and the Isle of Man are now excluded from the Newspaper privileges, except such as may be printed in the French Language.

Printed Votes, and *Proceedings* of the *Imperial Parliament*, or of the *Colonial Legislature* are charged :—

Under four ounces, 1d.

Above four, and under eight ounces, 2d.

Above eight, and under twelve ounces, 3d., and so on.

REGISTERED LETTERS.

All Letters, whether containing Coin or not, can be registered; and the registration fee of Sixpence, as well as the amount of Postage, must be paid in Stamps affixed thereon.

Registered Letters will be taken until within half-an-hour of the closing of the Box for the particular Mail with which they are to be despatched.

An acknowledgment of receipt will be given to the parties registering Letters, and each Receipt must bear the Office Stamp.

Parties to whom they may have been addressed will be required to acknowledge, in writing, their receipt on delivery.

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood that registration cannot extend beyond the port of despatch in the United Kingdom, and the office does not engage for the security of any registered Foreign, Colonial, or Ship Letters, longer than while the contents of the Mail shall be in the custody of the British Post Office. Letters, however, addressed to France, and Letters passing through France, are exceptions to this rule—the French Post Office undertaking to provide for their security till they shall have been delivered, if addressed to France, and so long as they remain in the French territory, if passing through France.

REDIRECTED LETTERS.

Redirected Letters are subject to additional rates of Postage; but whether the Letters have been originally pre-paid or not, they are only liable to be charged at the pre-paid rate for the additional Postage, which is to be paid on them.

LETTERS NOT TO BE DELIVERED BACK.

To prevent the possibility of Letters being surreptitiously obtained from the Offices where put in, office-keepers are strictly forbid returning, to any person whomsoever, Letters that may be applied for, under whatever circumstances the recovery may be urged.

This is, moreover, forbid by the established principle, that the instant a Letter is committed to the Post, it is no longer the property of the sender.

LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.

The practice of sealing letters which pass to and from the East Indies, and other warm climates, with wax, leads to much inconvenience and delay, as well as injury to the letters, notwithstanding the greatest care is taken to separate them, in consequence of the melting of the wax, and adhesion of letters to each other. The public, therefore, are recommended, in all such cases, to use wafers instead of wax, and to advise their correspondents to do the same.

SHIP LETTERS.

The single uniform rate on Letters between the United Kingdom and places beyond sea, when conveyed by Private ship, is 8d. under half-an-ounce, and so on, in whatever part of the United Kingdom the letter may be posted or delivered. Letters intended to be conveyed by 'Private Ship,' should be so addressed.

NON-COMMISSIONED OFFICERS, SEAMEN, AND SOLDIERS, IN HER MAJESTY'S SERVICE ABROAD.

Letters to seamen and soldiers may be forwarded by post at the rate of one penny each, under the following regulations:—

1. The penny must be paid at the time the letter is put into the Post-Office.
2. The direction must signify the class of seaman or soldier.
3. The name of the ship, regiment, or corps to which he belongs.
4. The letter must not exceed half-an-ounce, and be upon their private concerns only.

Letters for seamen or soldiers, whether in her Majesty's or in the East India Company's military or naval service (while on actual service), may be forwarded under the foregoing regulations to India, China, &c., *via* Southampton:—They can now be sent to India, *via* Marseilles, on payment of the British rate of 1d., besides the French rate of 5d., if under one-fourth of an ounce, or 10d. exceeding that weight, or to any foreign country on payment of the foreign rate of postage, in addition to the British rate of 1d. as above.

Letters for seamen and soldiers forwarded by private ships (with the following exceptions:—St Helena, East Indies, New South Wales, Cape of Good Hope, and Mauritius), are charged 3d. each.

Soldiers' and seamen's letters are not liable to any additional postage upon re-direction.

ARTICLES WHICH MAY NOT BE SENT BY POST.

Letters or Packets cannot be forwarded, conveyed, or delivered by the Post-Office, containing any of the following enclosures, viz. :—Any glass or glass bottle ; any razor, scissors, knife, fork, or other sharp or pointed instrument ; any leeches, game, fish, flesh, fruit, vegetables, or other perishable substance ; any bladder or other vessel containing liquid, or any article, matter, or thing whatsoever, which might, by pressure, or otherwise, be rendered injurious to the officers of the Post-Office, or to the contents of the mail-bags ; and the Act 3 and 4 Victoria, cap. 96, expressly directs that no letter shall be sent by post containing any *explosive or other dangerous material or substance*.

No Letter or Packet exceeding in breadth, or length, or depth, twenty-four inches measurement, can be forwarded by post.

BOOK POST, &c.

Printed Books, Magazines, Reviews, and Pamphlets (whether British, Colonial, or Foreign), may be transmitted by the Post, within the United Kingdom, at the following reduced rates of Postage, viz. :—

Not exceeding 1 pound in weight,	...	0s.	6d.
“ 2 “	...	1s.	0d.
“ 3 “	...	1s.	6d.

and so on ; 6d. being charged for every complete pound, or fraction of a pound beyond. Every such packet may be sent without a cover, or in a cover open at the ends or sides. It must contain a single volume only, the several sheets or parts thereof, when there are more than one, being sewed or bound together.

It must not exceed two feet in length.

The Postage must be pre-paid, by affixing on the packet or its cover the proper Stamps.

The name and address of the sender may be written or printed upon, or in such book, &c. so sent, or on the envelope thereof, in addition to the address.

Any other writing may be on any leaf of the book, &c., or the binding thereof, provided that it be on the one and the self-same page of the book, or corresponding portion of the binding.

If any or either of the above conditions be violated, the packet must be charged and treated as a letter in every respect.

To prevent any obstacle to the regular transmission of Letters, any officer of the Post Office may delay the transmission of any such Packet for a time not exceeding twenty-four hours from the time it would otherwise have been forwarded.

MONEY ORDER OFFICE.

Money Orders are issued and paid in Perth from 9 to 1, and from 2 to 6 o'clock, every lawful day. The commission on orders

for any sum not exceeding £2, is *threepence*; above £2, and not exceeding £5, *sixpence*.

Whoever presents the Order for payment, whether the rightful owner or otherwise, must give full information as to the Christian name, surname, address, and occupation of the party who originally obtained it, unless such party be a firm, when the name of the firm, together with its address and occupation, will suffice.

The only exception to this rule is—any Order presented through a Bank will be paid without the name of the remitter, and the signature in full of the Christian name of the payer being insisted upon as a condition of payment, provided that the Bank be situated in the town on which the Money Order is drawn, that the Order be crossed with the Banker's name, and that the party applying at the Money Order Office be known there as in the employment of the Bank. It must be understood, however, that in all such cases the liability of the Post Office will absolutely terminate with the payment of the Order so presented.

With a view to simplicity and economy in the accounts of the Money Order Office, it has been found necessary to lay down the following rules:—

1. Every Money Order issued on or after the 6th October 1848 must be presented for payment before the end of the second calendar month after that in which it was issued (for instance, if issued in October, it must be presented for payment before the end of December), otherwise a new Order will be necessary, for which a second commission must be paid.

2. If an Order be not presented for payment before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in October, and not presented before the end of the next October), the money will not be paid at all.

3. As after once paying a Money Order, by whomsoever presented, the Office will not be liable to any further claim, the public are strictly cautioned.

A. To take all means to prevent the loss of the Money Order.

B. Never to send a Money Order in the same Letter with the information required on payment thereof.

C. To be careful on taking out a Money Order, to state correctly the Christian name as well as the Surname of the person in whose favour it is to be drawn.

D. To see that the name, address, and occupation of the person taking out the Money Order are correctly known to the person in whose favour it is drawn.

4. Neglect of these instructions will lead to delay and trouble in obtaining payment, and even risk the loss of the money.

These instructions, together with some others of minor importance, will be found printed on every Money Order.

A Money Order intended for a person residing at a place in which there is no Money Order Office, should be drawn upon the Post-Town nearest to it, which may have a Money Order Office.

The applications must be lodged, and a fee of 2s. paid, ten days previous to such meeting; and the Magistrates and Justices are restricted from granting Certificates except at these statutory periods. EDINBURGH LIFE ASSURANCE COMPANY.

ESTABLISHED IN 1823.

INCORPORATED BY ACT OF PARLIAMENT.

C A P I T A L, £500,000.

EDINBURGH.—(Head Office), 22 GEORGE STREET.

LONDON.—11 KING WILLIAM STREET (CITY).

The following are the advantages given by this Company :—

MUTUAL ASSURANCE, without liability.

The guarantee of a responsible body of Proprietors, either personally or otherwise assured with the Office, affords the most undoubted security to all classes of Assurers.

WHOLE PROFITS (except One-Tenth), Septennially divided among the Assured.

This is a larger proportion than can ever be divided by any simple Mutual Assurance Society.

An **INTERMEDIATE BONUS** paid on Policies becoming Claims between one Investigation and another.

All the advantage of an Annual Division is thus given, without its attendant evils.

The **MOST EQUITABLE PRINCIPLE** of DIVISION.

The greatest benefits are thereby bestowed upon the oldest Policies, thus securing that first-class Lives shall not suffer by any undue Bonus being paid away to those who may die early.

RATES OF PREMIUM EXTREMELY MODERATE.

The Non-Participation Scale is equivalent to a present Bonus of considerable amount, when compared with most other Offices.

The benefits of the Participation Plan of Insurance are exhibited in the following examples of

THE ASSOCIATION, by its Act of Parliament, is subject to the annual supervision of the Board of Trade. The object

The British Guarantee Association—Continued.

for which it has been established is for the purpose of giving security for the fidelity of persons in situations of trust, and thereby providing to the employer a safeguard against loss arising through dishonesty or failure to account, by the well-known principles of Life and Fire Insurance, in lieu of the uncertain and unsatisfactory protection afforded by the system of private guarantee. The important advantages which the adoption of the principle of Associated Guarantee is calculated to confer on both employer and employed are very obvious, and need not be dwelt on.

The Lords of Her Majesty's Treasury, after a very careful examination into the constitution of the Association, the nature and extent of its guarantee, and the responsibility of its Shareholders, issued a Minute dated 16th February 1847, "giving their sanction to the security of the Association being taken for the future, in lieu of bond or deposit of stock, &c., in all cases where the Officer is desirous of availing himself of the same, instead of giving security by bond or deposit, until further directions from this Board. Let letters be written, therefore, to the following Revenue Departments, namely, Customs, Excise, Stamps and Taxes, and Post-Office, conveying the sanction of this Board accordingly, and transmitting to each Department a copy of the printed form of Policy of Guarantee which has been settled and approved of by the Law Officers of the Crown, and which should be made use of in every case where any Officer should be desirous of availing himself of the security of the Association." That Minute has been printed by order of the House of Commons.

The Forms of Policy for the various Departments under the Crown have been settled and approved of by the Law Officers of the Crown.

The Act of Parliament also specially authorises the security of the Association to be taken for the Treasurers, Actuaries, Cashiers, and other officers in Savings' Banks, Poor-Law Commission, Friendly Societies, Loan, Benefit, Government Annuity, and other such Societies, &c., in all which cases the Policies are exempted from Stamp Duty

GENERAL BUSINESS.

The security of the Association has also been accepted by the large commercial establishments, and by all classes in the community who require security from parties in their employment.

Forms of Proposal, and every information, can be obtained at the offices of the Association in Edinburgh and London, or at any of the Agencies.

THEODORE COMPTON, Esq. F.I.A.

THE CHIEF OBSTACLE to the universal adoption of Life Assurance by persons whose means are uncertain and limited, is the fear lest they may not be able to keep up their contributions, and may thus lose the benefits of their payments.

Another objection is, that the depositor, although he may live to old age, can never obtain the money himself.

To meet these difficulties, the following plan has been adopted, by which any sum from £25 to £2000, may be secured, payable at any time in case of death, even though the party should die immediately after paying the first Quarterly Premium; but if he lives to any age fixed for the money to fall due, it is then paid to himself, and he is free from all further contributions.

After having been assured for one year, the assured has the privilege in this Department, of giving one month's notice, and withdrawing ONE-HALF of all that he has paid in *beyond the first year's subscription.*

It must be borne in mind, that although the assured cannot withdraw *the whole* of his money, as in the Savings' Bank, he has the vast advantage over the mere depositor, that in case of his death *at any moment*, the full sum assured is immediately due, though he may not have paid a hundredth part of the amount.

Forms of application, and every other particular, can be had on application, and will be sent, post-free, from any of the Offices or Agents.

* * Policies opened during the present year, before 15th November, secure a claim for Two Years' Addition in 1850, and an Additional Year's Claim for Bonus at every Future Division over Later Entrants.

Thus, for instance, a Policy for £1000, opened in 1825, in receiving a Bonus Addition at the first Investigation in 1835, had a claim corresponding to eleven years, the period it had been in force, and an addition was made of..... £137 10 0

At the next Division in 1840, the claim was for 16 years, being the period the Policy had then been in force, securing an addition of..... 200 0 0

The Standard Life Assurance Company—Continued.

At the Division in 1845, the claim was for 21 years,
 securing 262 10 0

Total Additions at these Divisions to a Policy for
 £1000, £600 0 0

In 1850, the claims under this Policy will be for 26 years' additions; in 1855, 31 years; and so on.

In short, it is the principle of a TONTINE applied to the Division of Profits, holding out the prospect of great advantage to good lives, and to those persons whose health and habits, or family history, give them reason to expect longevity.

During the four years, 1844, 1845, 1846, 1847, alone, the Company issued the large number of 2473 Policies, assuring sums to the extent of ONE MILLION SIX HUNDRED AND FORTY-FIVE THOUSAND POUNDS. The Annual Revenue of the Company is upwards of ONE HUNDRED AND THIRTY-FIVE THOUSAND POUNDS.

Life Association of Scotland—Continued.

THE Assured in this Society enjoy, *during their own lives*, the Surplus or Profits arising on the business. The divisible Surplus is ascertained *every year*, and is paid over *in money* to the Assured at the settlement of their next Annual Premiums. By this system Life Assurances are obtained at the *lowest expense* consistent with Security.

In 1845, 1846, and 1847, the surplus thus repaid to the members amounted to 30 per cent. of their Premiums, that is 6s. per £1. They were, therefore, required to pay only 14s. per £1 of their Premiums in each of these years. In 1848 and 1849, the surplus repaid amounted to 35 per cent. of the Premiums, that is 7s. per £1; and the members had, therefore, to pay only 13s. per £1 in these years. For example:—

A member, whose annual premium is £10, has, this year, paid only £6 5s.; and another member, whose annual premium is £25, has paid only £16 5s.

The following are specimens of the Premiums payable in the present year by members of 5 years' standing:—

Age at Entry.	Policies of L.100.	Policies of L.500.	Policies of L.1000.	Policies of L.5000.
20.	£1 4 0	£6 0 0	£12 0 0	£60 0 0
30	1 11 7	7 17 11	15 15 10	78 19 2
40	2 2 4	10 11 8	21 3 4	105 16 8

*** This mode of dividing the Surplus or Profits has been adopted by no other Assurance Office in Scotland.*

During last year (the tenth of the Society's existence), 500 New Policies were issued for Life Assurances, amounting to £221,000.

The Society have Agents in most of the Towns in England and Scotland.

Prospectuses will be sent, post-paid, to any part of the Kingdom; and parties residing in Districts where there are no Agents of the Society, may readily effect Assurances by communicating with the Manager at the Head Office.

GLASGOW, 43 West Nile Street.

THE NINETEENTH ANNUAL GENERAL MEETING of the SOCIETY was held on 7th May last, when a BONUS of TWO PER CENT. PER ANNUM on the SUMS ASSURED was allocated to such Policies as had attained their Sixth Year.

The Sum presently ASSURED amounts to £3,366,354; the ACCUMULATED FUND to £72,817; and the ANNUAL REVENUE to £120,978.

The SCOTTISH EQUITABLE being a MUTUAL ASSURANCE SOCIETY in which the WHOLE PROFITS are allocated amongst the Policy Holders every THREE YEARS, provides every advantage to the Assured which it is possible for any Life Assurance Institution to afford. Accordingly, Policies effected in the year 1832 have obtained a Bonus of about FORTY-THREE per Cent. on the SUM ASSURED; those effected in 1833, FORTY per Cent.; those in 1834, THIRTY-EIGHT per Cent.; and Policies of Subsequent years in proportion.

Copies of last Report may be had at the Head-Offices, or from any of the Society's Agents.

**SCOTTISH
PROVIDENT INSTITUTION,
FOR LIFE ASSURANCE AND ANNUITIES,**

(Incorporated by Act of Parliament.)

THE Premiums are on the Lowest Scale consistent with perfect Security, being at Early and Middle Ages about a fourth lower than those of the other Mutual Offices.

The whole Profits are divided among the Assured, and are apportioned to those who have contributed in Premiums, with accumulated interest, a Sum equal to the amount in their Policies.

Thus the largest possible Assurance of a definite amount is secured from the first for a stated Premium; while the surplus arising on the business is given to those whose contributions alone have created it—a principle undoubtedly equitable, and at the same time satisfactory, as admitting of a considerable bonus being given out of a surplus arising from comparatively small Premiums.

The New Policies reported for the last year were 567 in number, Assuring £238,219; and the Annual Premiums £7212.

Annual Premiums to Assure £100 at Death.

THE SAVINGS BANK
OF THE
CITY AND COUNTY OF PERTH,
Established in 1838,

IS Established for the *safe custody* and *increase* of small savings belonging to the industrious classes of the City and County of Perth; and among its other advantages, the following may be mentioned:—

1. Any sum from 1s. up to £150 will be received from *individual* Depositors, provided that not more than £30 is deposited by each in one year. *Societies* and *Charitable Institutions* of any kind may deposit to the extent of £100 in the year, and £300 in all; while *Friendly Societies* may lodge their whole funds without any limitation.

2. The whole, or any part of the sums deposited, may be withdrawn whenever required.

3. Interest at a comparatively high rate is calculated on the accounts once a-year, and added to the principal, by which Depositors derive the benefit of *compound interest*. Every sum of 5s. and upwards gets the benefit of it.

4. The guarantees against mismanagement, provided by the Rules, are of the most complete kind, and the investment of the funds is secure, being either in one of the old Chartered Banks, or Government Funds, as the Depositor may desire.

The Office of the Bank, at No. 1 Crescent, Perth, is open for receiving Deposits every Wednesday morning, between 9 and 10, and Saturday evening, between 6 and 8; and for repaying Deposits on Thursday morning between 9 and 10. For the convenience of Country Depositors it is also open every Friday from 12 to 3.

District Savings Banks are established at Dunkeld, Coupar-Angus, Blairgowrie, Errol, Crieff, Kincardine, and Caputh.

GENTLEMEN'S SHIRTS.

A very general idea with respect to this article of dress, seems now to be that any Shirt will fit any size of body; and consequently *ready-made* Shirts are much pushed by the trade. G. D. is confident the reverse of this is more correct—viz., that a ready-made Shirt will, in the great majority of cases, be found, so far as comfort is concerned, entirely useless; and, instead of pushing these, is prepared to show samples of different qualities and styles, and enabled to execute orders for good-fitting Shirts, in a very superior manner.

G. D. quotes no prices, as qualities can only be judged of by seeing the Goods. The Stock includes ALL KINDS, and he guarantees each article as good value as can be had at its price. He acknowledges the large and increasing patronage hitherto received, and trusts for a continuance of it by adhering to the principle on which he has all along acted, of keeping ONLY such articles as he is confident will bring customers back.

Parties at a distance may have an assortment of any article they require sent for inspection.

ALEXANDER HAY, SLATER, 258 HIGH STREET,

The Teeth, &c.

MR. M'RAE embraces this opportunity of acknowledging his unfeigned gratitude to the Nobility and Gentry of Perth and vicinity, to his Friends and the Public in general, for the highly liberal patronage, by which, ever since he commenced business, they have uniformly distinguished him; and of expressing his assurance, that, by the same punctual and minute attention to their orders, and the same success and satisfaction in the execution of them, he shall enjoy a continuance of their support and favour.

For filling and Restoring DECAYED TEETH, Mr M'Rae begs here to recommend that SUCCEDANEUM, of which he is the Inventor and only Proprietor. This celebrated Composition is known to possess all requisite properties in the highest degree; in particular that of becoming hard as enamel, almost immediately upon its introduction into the cavity of the Tooth. Not the slightest pain is occasioned by the operation, while farther decay is thereby prevented, and the once useless Tooth rendered serviceable for years, and entirely available for all its original purposes. He would caution all against delaying to apply until compelled by toothache, as filling then is likely to turn out unsatisfactory. Early and timely application will, in general, ensure success, and supersede the painful operation of extraction.

Mr M'Rae continues to supply ARTIFICIAL TEETH of all Descriptions, from a Single Tooth to a Full Set, and that without the preparatory process of removing decayed roots. Invariably is the comfort of the wearer, no less than the nature of the particular case, consulted in their construction. They are done upon the most approved principles of the art, are finished in the first style, and found to be in form and colour so perfect and natural, that they elude the nicest observation. He continues also to practise in all the other departments of Dentistry.

Mr M'Rae would likewise invite attention to his extensive Stock of MEDICINE and PERFUMERY, all the articles of which he can confidently recommend, both for their freshness and their quality.
